

OIL SOLENOID VALVE

| OVERVIEW |

This servo-operated general purpose solenoid valve is suitable for a wide range of media including Air, Water, and Light Oils (up to 25 centistokes). Due to the assisted lift mechanism this valve can operate with a zero pressure differential.

When used with a Flamefast BoilerGuard this can be used to provide a complete and cost effective safety system for isolating fuel oil supplies to plant.

Technical Specification

Power Supply	230VAC 50Hz
Power Consumption	25W
Max Pressure	15Bar (<=1") / 5Bar (>1")
Media Temp	-10°C to 80°C
Connection	BSP
Body Material	Brass
Internal Material	Brass & Stainless Steel
Seal Material	Nitrile
IP Rating	IP65
Approval	CE, UKCA

Part Numbers & Options/Accessories

Part No	Description
OV15	1/2" Oil Solenoid Valve (230V)
OV20	3/4" Oil Solenoid Valve (230V)
OV25	1" Oil Solenoid Valve (230V)
OV32	1 1/4" Oil Solenoid Valve (230V)
OV40	1 1/2" Oil Solenoid Valve (230V)
OV50	2" Oil Solenoid Valve (230V)
